And What Have You

By BOB CRAIG

Have you seen the young man walking the streets of Hamlin with his long white cane and wondered what he was doing here? Since he is obviously blind, you probably have wondered what he is doing to make a living in Hamlin.

The young man is Ivan Merritt and is one of the seven teachers employed as a Resource Teacher under Plan A by the Tri-County Educational Co-op. He works with Hamlin High School students who have language or learning difficulties or who are physically handicapped.

He and James Lain are the two teachers assigned to work with the high school students who need the special help offered by this new program and they are assisted by Miss Lavene Hunter who is a teacher aide.

Ivan works with six students on an individual basis each day.

Others working in the new program are John Crump and Mrs. Cassie Mae Starr in the elementary school; Mrs. Carolyn Robertson and Mrs. Shasta Young in the primary school; and Mrs. Kay Watson in the junior high school. Aides assisting them are Miss Sally Contreras and Mrs. Hope Sellers.

Ivan was born in Jackson, Miss., in 1946 and graduated from high school in 1968 from the Louisiana State School for the Blind at Baton Rouge, La. If you are wondering, like we were, how he ended up in Hamlin, he is a graduate of Texas Tech University and attended school there because Louisiana does not have a good special education program in their colleges. He says that Tech has one of the top four programs in the state and he picked Tech over the University in Austin because it was smaller.

Robert Horton, placement specialist for the State Commission for the Blind, recommended Ivan to Supt. Bob Hawes, who was impressed by the young man.

Supt. Hawes said that the one thing he stressed to Ivan when he hired him was that he would not receive any special considerations and this seemed to be what Ivan wanted.

Ivan graduated from Tech in August with a degree in secondary education and is qualified to teach government and English and also holds a special education certificate. He has six students he works with each day, offering them help in whatever field that they are having difficulty in.

He says he is enjoying his work here and that it is a real challenge.

AT P-TA MEETING—

Judge McCloud Stresses Real Value of Intangibles

"Intangibles are the most significant things," Judge Austin McCloud of Eastland told members of the Hamlin Elementary Parent-Teachers Association Thursday evening. In speaking to parents and teachers, he stressed intangibles such as charity, integrity, desire and compassion as qualities that influence a person's life.

Using his past experience of eight years as juvenile judge, he related the unique experience of making a selection of a youth from the West Texas area to meet together with some 800 young people in the Texas Youth Congress in Austin several years ago. He also cited the awesome responsibility of sentencing a young boy or girl to a state correctional institution.

When comparing the two, it became apparent to him that the two young men were of about the same intelligence level. Each could understand what he could see or touch. The difference in the youth who must be sentenced was that he was lacking in the area of intangibles. These he noted were having a goal—learning to do something well, developing self confidence and self respect and feeling loved.

Judge McCloud said to the teachers, "I admire you, I respect you, you build America, you have the kids most of their lives." He urged them to teach the whole child and told them how fulfilling it is to save just one child. "If you do this you have lived up to what the profession requires," he added.

He was quick to add that the teaching of intangibles is not just a teacher problem but a parent problem as well.

Judge McCloud, Chief Justice, Court of Civil Appeals, was introduced by Mrs. Jack Wicker, program chairman.

Mrs. Milton Carter, president, presided for the business session and presented W. T. Johnson, president of the Hamlin School Board, who introduced Superintendent Robert Hawes, who was hired by the board this spring to succeed C. F. Cook who retired.

The new superintendent told the group that "We hope to meet the needs of every youngster that sits in every desk in Hamlin. We will implement some things new to Hamlin but

not necessarily new to education."

"We want to teach character building along with some useful skill to enable the students to blend into our society," he said, "and we want to look at people realistically in the area in which they are interested."

Janet Sanders To Campaign Here Friday

Janet Sanders, daughter of Barefoot Sanders, will be in Hamlin at 10:15 a.m. Friday at Farmers and Merchants National Bank to visit with Mayor Joe E. Ford, other city officials and the press, on behalf of her father's candidacy for U. S. Senator.

Miss Sanders, 19, who aided in her father's campaign for Democratic nominee in the spring says, "I wouldn't be out here working if I didn't really believe that Barefoot Sanders was the best man for the job. He cares about people and is willing to listen to what they have to say."

Homecoming Letters Mailed To Ex-students

Former students and teachers of Hamlin Public Schools and those consolidated in the local system should be receiving letters from the Ex-Student Association announcing plans for the annual Homecoming here Oct. 6-7.

Representatives of previous graduating classes have been addressing letters to their respective classmates. Registrations are to be returned to Box 323, Hamlin.

Homecoming headquarters will be the office of the Board of Community Development.

O. H. Weaver Jr., president of the Association, will announce committees for the various activities.

Jones County Tri-City Retired Teachers Association will meet at 11:30 a. m. Saturday at Sirolo Restaurant in Anson. E. M. Connell will preside.

Pipers to Try Clyde Friday

The Pied Pipers and the Clyde Bulldogs will each be going for their first win of the young season Friday evening when the two teams meet in the Clyde Stadium. Kickoff time will be 8 p.m.

Last Friday in the season opener for both teams the Pipers were edged out by Rotan, 22-18 and the Bulldogs were edged out by Winters, 20-16.

The Piper coaching staff told Booster Club members Monday evening that the Pipers had their best Monday workout of the year and that the boys really want to win this one.

Scouting reports indicate that Clyde has a little better team than Rotan, they are bigger but do not have as much speed. Defensively, the Bulldogs will field a big, heavy front line that will be hard to move, according to the scouting report.

Coach David Bonds told the Booster Club that we made some mistakes against Rotan last week that we hope to get corrected, but that the team was not that far away from being a winner.

Offensively, the Bulldogs will run from the "1" Slot, similar to what Rotan ran. Reports indicate that the top Bulldog ground gainer, Gary Barr, may miss the action this week, but the coaching staff said that they would not be surprised if he does not see at least some action.

Barr is the senior fullback who has been a consistent ground gainer for the Bulldogs for the past two years, carrying 14 times against the Pipers last year for 70 yards. He is a 180

pounder who also plays middle linebacker on defense.

Probably starters for the Bulldogs will be Ruben Ramos, 150 pounds, at quarterback; either Barr or Jackie Fleming, 160 pounds, at fullback; Ricky Lopez, 160 pounds, at tailback; and Jerrell Hurst, 150 pounds, at slot back.

In the line will either be Felming or Monty Setzler, 160 pounds, at tight end; John Straley, 195 pounds, at left tackle; Robbie Tucker, 175 pounds, at left guard; Iky Akers, 155 pounds, at center; Kinney Mitchell, 170 pounds, at right guard; Dennis Cutbirth, 219 pounds, at right tackle; and Alan Holcomb, 165 pounds, at split end.

Ramos is rated as a good passer and a great runner. His favorite receiver is slot back Hurst.

No tickets for the game are available here and fans will have to buy their tickets at the gate.

C. A. Jenkins Cowboy Band Vice President

C. A. Jenkins, junior music major at Hardin-Simmons University, was chosen as vice president of the University's Cowboy Band.

Jenkins, son of Mr. and Mrs. Chester Jenkins, plays the bass tuba.

Mrs. Roland Chiles of Waxahachie spent the weekend with her sister, Mrs. O. R. Shelton.

Local P-TA to Launch Membership Drive Friday

The Hamlin Parent-Teacher Association Membership Drive will be held Sept. 15 through Sept. 22, according to the president, Mrs. Milton Carter.

Mrs. Jackie Williams is membership chairman. Room prizes will be awarded in the competitive contest.

Membership dues for the 1972-73 school year are \$1.00 per person.

Mrs. Philip Mann, PTA publicity chairman, said "We would like to encourage everyone with a child in school, to not only join PTA but to attend as many meetings as possible. Throughout the year, we are planning many interesting films and speeches concerning the problems facing

today's youth.

"I don't think there is one parent in the Hamlin School District, that cannot afford \$1.00 a year, and spend about one hour a month in the interest of their children," Mrs. Mann added.

"In this, the age of drug addiction, and confusion among our young people, yes, young children included, we as parents, owe it to our children to help our teachers in any way we can to help them over the obstacles facing them. We CAN help through PTA. So, let's all help to make this an even bigger and better year than ever before for the Hamlin Elementary Parent-Teacher Association," Mrs. Mann urged.

To Be Near Grandchildren—

Retired Illinois Couple Picks Hamlin As Home

After 28 years of military life, U. S. Army Lt. Col. and Mrs. Jack P. Grissom have chosen to retire near Hamlin and have started work remodeling their new residence four miles southeast of town.

Why would natives of Illinois choose to retire in Hamlin? "To be near our daughter and her family," they replied. Their daughter, Jackie, is married to John Edd Scott and they have two daughters, Tammy, 5, and Temple, 3. The Grissoms are typical grandparents in expressing their fondness for the two girls.

Col. Grissom was a special forces officer and served with the infantry. He was stationed at Fort Bragg, N. C. and assigned to John F. Kennedy Center, IMA, when he retired Aug. 1.

The decision to retire in Texas was not made this year, however. Two years ago in July they came to Texas to visit with

their daughter and family and purchased a 105 acre farm from Mrs. J. A. Morrison.

The Scotts lived on the farm until this year. When the Grissoms arrived here along with her father, Virgil Hamilton of Duquoin, Ill., they brought only the necessities for living while they carried out extensive remodeling plans to the two bedroom home.

Mrs. Grissom says, "We are camping out now and when the work is completed we will have our furniture sent from North Carolina."

Grissom said that they had set goals and they hoped to have enough completed by the end of September to receive their furniture.

Paneling of the living room and dining room, new suspended ceilings, carpeting, new kitchen cabinets, and enclosing a room off the kitchen are present projects.

Installation of central air

conditioning has been completed.

Later plans are to enclose the garage for a family room. Grissom said. The exterior will be painted for now. He said, "we may do something else later." Storm windows were installed last year.

During the remodeling process, Grissom has been a carpenter, plumber, painter and electrician with the assistance of Mrs. Grissom and Mr. Hamilton.

Grissom entered the service in January, 1943, and advanced through the ranks, holding every rank except that of staff sergeant. He received a direct appointment to second lieutenant when a master sergeant.

While in the Army, he served 7½ years overseas. They lived in Germany, Trieste FTT, Berlin, Iran and England. He served a year in Vietnam in 1969.

The couple's son, Mark, is a production manager for Pepsi Cola Bottling Company in Marion, Ill. He and his wife have a daughter, Sharlene, 16 months old. At one time the young couple considered moving to Texas, but Mark's job opportunity in Illinois held them there.

FHA Chapter Hosts Salad Supper Monday

The Hamlin Chapter Future Homemakers of America met Monday evening for a salad supper in the high school cafeteria.

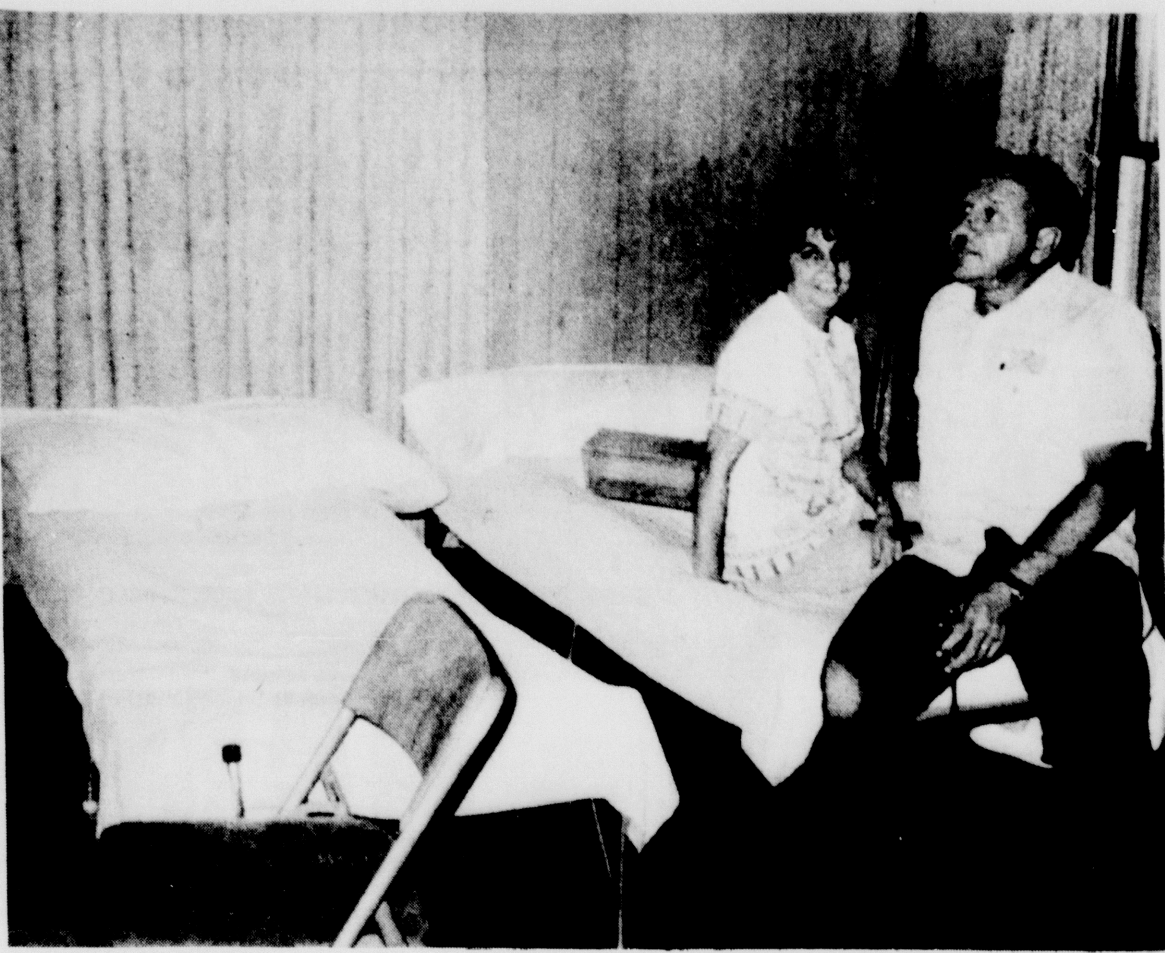

Velanne Rowland, president, presided during the formal initiation of freshmen. Kathy Ponder gave a report on "Encounter" the new degree program.

Officers told the eight purposes of FHA.

New freshmen members include Debi Cary, Lisa Absher, Susan Howerton, Elaine Carlton, Melissa Madden, Patrice Moore, Debi Light, Sherrie Carter, Debra Hollis and Doris Harendt.

The group meets the first Monday evening of each month.

Weekend visitors in the home of Mrs. Tom Routh were two grandchildren, Lt. and Mrs. Thomas Shelburne and Tommy Jr. of Granite City, Ill., and Judy Shelburne, student at Howard Payne College, Brownwood.

MORE WORK UP THERE — Jack Grissom, recently retired from the U. S. Army, looks at the next job he plans to tackle in the home remodeling project he and his wife, Frances, have underway. Here, he considers the installation of the suspended ceiling. The couple is shown in the living room which is serving as a temporary bedroom during "camping out" living conditions while work is being done.

INSTALLING NEW DOOR — Jack Grissom and his wife, Frances, complete installation of a new door as part of the remodeling of their home southeast of Hamlin. To the right is Mrs. Grissom's father, Virgil Hamilton, who moved here from Duquoin, Ill. Lt. Col. (ret.) Grissom retired Aug. 1 from the U. S. Army and the couple moved here from North Carolina.

TOUCHDOWN! — Junior Halfback Johnny Jones (24) blasts his way into the end zone Friday for the first Hamlin Piper score against the Rotan Yellowhammers. Rotan Edges Out Hamlin In Season Opener, 22-18

Plagued by costly 15 yard penalties, but showing a lot of spirit and determination, the Pied Pipers were edged out in their season opener here Friday night by the Rotan Yellowhammers, 22-18. The Pipers matched the Yellowhammers in touchdowns but failed in their point after tries, which proved to be the difference in the score.

Hamlin dominated the play in the first half, but a fumble two plays deep in the second half, coupled with a 15 yard penalty let the Yellowhammers get on the scoreboard. This seemed to give new life to the Rotan offense and they went on to dominate most of the second half play.

Sophomore halfback Johnny Jones scored two of the Piper touchdowns and junior split end Bill Cork scored the third. Johnny's touchdowns came on runs of two yards and twelve yards and Bill's TD really brought the crowd to its feet as he returned a kickoff 80 yards.

Junior fullback Albert McAfee was the Piper leading ground gainer with 112 yards in 17 carries for an average of 6.6 yards per carry. He was followed by Johnny with 75 yards in 10 carries. Rotan's Neal Summers was the top ground gainer of the night, however, with 138 yards in 28 carries for an average of 4.9.

Hamlin kicked off to Rotan to open the contest with the Yellowhammers moving the ball from their own 37 to the Hamlin 23 in five plays, with the help of the first of six big penalties against the Pipers. The Rotan drive was stopped when the Pipers recovered a fumble on their own 25. The Pipers moved the ball 20 yards in six plays before punting from the 45.

Rotan took possession on their own 27 and moved to the 50 before punting back to the Pipers. A short Rotan punt gave the Pipers the ball on their own 32. Fullback McAfee ripped off 40 yards on the first play but then the Piper drive stalled with Rotan taking over again on their 25.

Three plays later the Yellowhammers lost their second fumble with the Pipers taking possession on the Rotan 32. McAfee picked up four yards and Senior Halfback Joe Mayes two before Johnny broke loose with a 24 yard gainer to the Rotan two. He broke loose from

two would be tacklers and had to dodge an official before being brought down at the two. Johnny blasted into the end zone on the next play for the first score of the evening. Steve McKissack's kick was no good. Kicking off to the Yellowhammers, the Pipers stopped the Rotan drive at the Rotan 37. Taking the Rotan punt at the Hamlin 23, the Pipers moved out to the 44 before punting back to the Yellowhammers.

Rotan took over the ball at their own 31 and moved to the 49 before punting with Johnny taking it on his 10 and returning it to the Hamlin 28. Aided by a couple of pass plays from Senior Quarterback Milton Jones to Cork for 17 and 12 yards, the Pipers moved to the Rotan 19 before giving up the ball. The Yellowhammers ran out the clock to end the first half.

Milton returned the second half kickoff to the Hamlin 28, but two plays later the Pipers fumbled with Rotan recovering on the Hamlin 35. Aided by a 15 yard penalty against the Pipers, the Yellowhammers took seven plays to score with Fullback William Duke going in from the three. He also carried in for the two points to put Rotan ahead 8-6.

Milton took the Rotan kickoff, faked to Johnny and then handed off to Cork who raced down the right side of the field for 80 yards and the score. He dodged one would be tackler and out ran the rest. Johnny's try for two points was stopped and the Pipers were back in the lead again, 12-8.

The two teams exchanged punts with the Pipers punting on third down after finding themselves back on their own 15 following another 15 yard penalty. Rotan returned the Hamlin punt to the Hamlin 41 and eight plays later Neal Summers found his way into the endzone on a five yard carry over right tackle. The two point try was stopped and Rotan was

now in the lead, 16-12.

Rotan recovered an onside kick and moved from their 47 yard line to the Hamlin 10 before losing the ball on another fumble. Hamlin moved out to the 28 before getting off a 25 yard punt with Rotan taking over at their 47. It just took Rotan four plays to get on the scoreboard again with Summers scoring from the 20 on a sweep around right end. Duke carried in for the two points, making the score 22-12.

Junior right end David Willis returned the kickoff to the Hamlin 44 and Rotan drew a 15 yard penalty to give the Pipers the ball on the Rotan 41. Johnny swept his right end for 19 yards, Mayes carried for two and Johnny picked up the first down with an eight yard carry. Johnny scored from the 12 on a dive play. Mayes' try for two failed and the Pipers trailed, 22-18.

Following the kickoff the Pipers held the Yellowhammers and forced them to punt only to give them the ball back on a roughing the kicker penalty. The Pipers finally stopped the Rotan drive again at the Hamlin 17.

With time running out, the Pipers took to the air and moved to midfield before giving up the ball with 17 seconds left on the clock. Rotan ran the clock out to win the game, 22-18.

Junior High Splits Opener With Merkel

The Hamlin Junior High football teams split a doubleheader with Merkel here last Thursday in the season opener for both teams. Merkel won the seventh grade game, 8-0, and Hamlin won the eighth grade game, 24-6.

The two Hamlin teams will host Sweetwater here Tuesday evening with the seventh grade starting at 5:30 and the eighth grade game to follow.

Merkel picked up their eight points against the local seventh graders in the second period and neither team could get anymore points on the scoreboard during the balance of the game.

In the eighth grade game, Hamlin scored on a quarterback sneak by Paul Reynolds following a pass interception that put the team in scoring position. Reynolds carried in for the two points.

Merkel put six points on the board during the third period and then Thompson put six more points on the board with a 20 yard carry. Mike Pritchard added the two points.

difficulty in getting around town since he was blind, he said, "No, I have gotten around in Houston, Dallas and New Orleans and Hamlin is no problem."

Ivan is not totally blind as he can distinguish objects at close range under good light.

Asked how he was liking Hamlin, Ivan said, "It is the friendliest town I have ever lived in and I have lived in several states and in both large and small towns." He said that everyone from the postman to the waitresses, seem to go out of their way to make a person feel welcome here.

Supt. Hawes said that the school system is very pelased to have Ivan on the staff and that he is a real inspiration to the students being served.

If you are like we are, you are finding it hard to keep up with all the various changes in our educational program, such as this Tri-County Educational Co-op and its "Plan A." No longer is just plain Hamlin School system with grades one through 12.

For several years now we have had some form of special education, but this is the first year for this new program which works with children through all the grades. This new program is funded through the Tri-County Co-op, headquartered in Stamford. This relatively new organization covers all of the schools in Jones, Fisher and Stonewall Counties.

This "Plan A" is a new Com-

prehensive Special Education Program that is expected to be in all of the schools in the state by 1976.

The goal of Plan A is to provide educational opportunity consistent with the student's ability to learn. To meet this goal, Plan A is a program that permits each student to receive educational services designed to meet his unique learning needs.

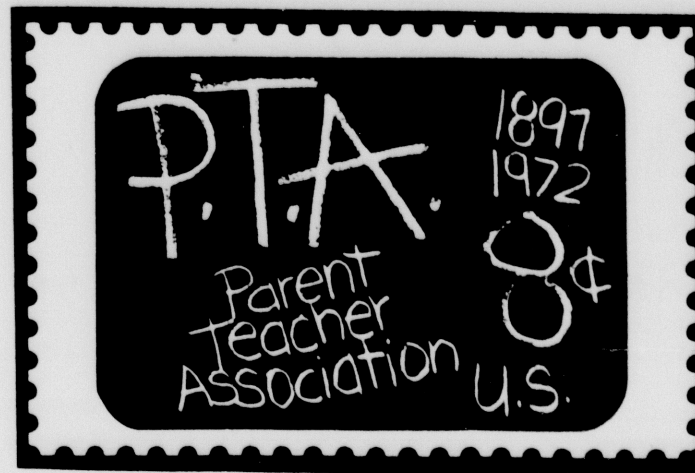

Under the old type special education program the student with a handicap or a special learning problem was labeled in a way that merely described his handicap or his problem with little understanding of his educational needs. He was placed in a classroom with others of the same "category." He was usually separated from "regular" students.

Under the new plan children are no longer labeled and isolated. Where they can benefit from it, they will participate in the regular educational process.

The learning needs of each child are evaluated and a specific educational plan is designed for him. Hopefully, the student will spend the greater part of his day in the regular classroom setting.

We hope that this new program is successful as there are approximately 500,000 students in Texas who have learning problems that require special attention if the student is to take his rightful place in our society.

Education, like other fields, requires a great deal of research and experimentation if it is to grow and meet the needs of the public. The problem in education is that it is a human being that suffers when the research is wrong or experimentation does not work. Our hope is that Plan A proves to be as effective as its backers and supporters claim it will be.

NEWS FROM . . .

Sylvester

by Mrs. R. M. Babb

We have a lovely Monday morning to be thankful for and no rain for the past week. The farmers are busy with maize harvesting and if you have noticed the cotton is opening real well.

Mr. and Mrs. Richard Green

have gone this morning to Corpus Christi to visit their daughter and family. Mrs. Clara Montgomery drove with them to Austin to visit with her sister, Mrs. Gordon Webb. I believe the group plan on being gone the entire week.

Mr. and Mrs. Woodrow Lawlis along with Mr. and Mrs. Mike Dobbins and children drove to New Mexico for a few days but found the altitude was too high for them. They had to return before their visit was over.

Our sympathy to the family of Mrs. J. J. (Annie) Self who passed away over the weekend. Mrs. Self had lived here in town and in the surrounding community of Newman.

We express our sympathy to the family of Ernest Newman who passed away on Sunday, he lived in Sylvester for many years before moving to Sweetwater.

Mr. and Mrs. Jerry Kiser and children of Abilene spent the weekend in the Roy Kiser home.

Buster Lambert is enjoying a visit with his son from California whom he hasn't seen in some nine years.

The Richard Greens plan a side visit to Lake Jackson to visit their son Dale and family while visiting Janice and family.

Mrs. Lucille Early is in Hamlin hospital at this writing. Mrs. F. E. Meeks is in Sweetwater Hospital also at this writing.

If the Sylvester people aren't taking care of their family lots at the cemetery, then send a few dollars to Milo Gray so he will have money to hire someone to help him keep the cemetery clean. One cleaning a year doesn't do the job, so let's get busy and help, O.K.?

Two Attend P-TA Meeting

Mrs. Jack Vaughan and Mr. James Stewart, representatives from Hamlin on the 18th District Parent-Teachers Association board of directors, attended the Saturday luncheon meeting at Barton's Cafeteria. DEMAND THE BEST !!!

Everybody knows that's what you have to do nowadays—demand, demand, demand. At JACKSON'S BODY SHOP you don't have to. All you have to do is make your problem known. I am William Jackson, the owner, and I am obsolete enough to give my very best on every job. And when it is finished I find myself wishing there was some way to improve my best. And knowing that tomorrow, maybe there will be a way—because that is part of the plan.
